However, BOSS is not only about experiencing new things and shaping lives, it is also about having lots of fun and being able to take your stories home to share with your friends and family. Our campus is an amazing place, full of life, activities and energy!

Our Courses

Spring Course: 27th March to 16th April 2022

Summer School: 26th June to 13th August 2022

BOSS courses, for students aged 8 to 17, are designed to get the most out of our students both socially and academically. With 20 hours of English per week, our academic programme will push you to work hard at improving your English in the mornings while our fabulous Activity and Excursion Programme will offer you the opportunity to play hard in the afternoons and evenings!

All in all, BOSS courses offer you the chance to get the most out of your time with us and to develop as a person. Key Facts

Who is it for: Kids and teens aged 8 to 17

What English levels do we offer? We offer English language courses for all levels of English from absolute beginner (A1), to beginner (A2) to pre-intermediate (B1) to upper-intermediate (B2) to advanced (C1) and finally proficient (C2).

Our Academic Programme

BOSS adopts a learner centred approach and the content of our Academic Programme is carefully prepared by our energetic and committed Academic Team on the basis of each students' individual assessment and needs. All of our classrooms are equipped with smart boards and with a maximum class size of 16 and levels ranging from beginner to advanced, our course is planned so that a sensible balance between academic and non-academic activities is maintained. We like to educate our students, but also to keep them motivated and never bored.

The objective of our Academic Programme is to strengthen and improve our students' English by consolidating what knowledge they may already have of the language. The outcome will then be the opportunity to take an internationally recognised ESOL exam, which all students will take on the last day of their stay at BOSS (minimum stay 2 weeks).

Internationally recognised ESOL exams are well suited to summer schools as they give direction to short courses and provide an outcome to the course. Everyone can be successful at their own level and all students who pass will go home with an internationally recognised certificate and a feeling of accomplishment as well as making your teacher and parents happy!

Key Facts

Maximum class size: 16

Average class size: 12

Hours of English per week: 20

Exams included: All students will take our placement test, a one hour test covering reading, writing, listening and speaking on their first day and an internationally recognised ESOL exam on their last day.

A Slice of Britain and Project Classes

Our 'A Slice of Britain' lessons allow our students to develop knowledge of British culture, traditions and customs as well as improving their language skills. We encourage discussion and participation in these interactive lessons and use practical means wherever possible, for example, cooking and eating British food, making their very own British-style movie and by participating in British customs during their lessons. Therefore, our students will not only improve their English whilst learning about Britain, they will also experience and participate in British customs and traditions first-hand!

As well as our 'A Slice of Britain' lessons, our students will also participate in our enlightening project classes. Project classes last for the duration of a week that ends with all students presenting what they have learnt and sharing their newfound knowledge with all other students and staff. The informative lessons allow our students to use independent learner strategies as under the guidance of their teachers, they must use their imaginations to research, produce and present their work in these creative lessons.

Key Facts

Projects include: English speaking counties during which students must research and present information about countries that use the English language, 'Dragons Den' during which students must create and pitch their own business ideas, theatre week during which students must write, produce and perform their own pieces of theatre plus many more.

Activity and Excursion Programme

Our programme consists of two full day excursions (Wednesday and Sunday) and two half day excursions (Tuesday and Saturday) visiting places such as London, Brighton, Hastings and Canterbury with the opportunity to visit some of the world's most famous landmarks.

A Typical Week

Not a moment passes at BOSS when our students aren't engaged in some form of class, activity or excursion. We have put a lot of thought into our timetable to ensure that our days are structured to allow optimum time for not only learning but also playing, being creative, socialising, recharging, resting, relaxation and connecting with nature.

Being nestled in the Sussex meadows provides many benefits to our students - they breathe fresh air every day; it is safe and they are focused on the here and now.

It is very important to us and to our academy coaches that any student who signs up to an academy learns something new, learns new techniques and learns more about themselves and their chosen discipline whilst of course improving.

We see our academies as an opportunity to experience something new - to ride a horse in a different part of the world, in a different environment; to play golf on a stunning course in an area of outstanding natural beauty or to play football with other players from all over the world.

Please note that our academies are add-ons and will run alongside our usual activity programme.

Our House System

Although BOSS is one big family, your house will be your closest family. Your housemates are the people you live with, your team, your brotherhood or sisterhood. We have six houses at BOSS and they are called Kipling, Milne, School House, Rowling, Oaks and Wells. Each house has its own noble history and each has produced outstanding students.

While you are at BOSS, your triumphs will earn you house points, while any rule breaking will lose house points. At the end of the week, the house with the most points is awarded with the oh so precious pizza and the right to eat first in the Dining Room for the following week, a great honour. We hope that you will be a credit to whichever house becomes yours.

Our House System provides you with a “home-from-home” environment that will help you to learn and grow as individuals and as leaders. Without realising it, everything that you do is a valuable life lesson that will help you to learn and develop under the close mentorship of our House Tutors.

House Tutors will welcome you into your house and provide you with all the care that you need during your stay. We have a team of up to 30 staff members who all live onsite to provide you with care and attention but your House Tutors will be your first point of contact and the person you should turn to for advice or assistance.

The comradeship and sense of belonging that grows within our House System will naturally encourage you to work together with your housemates, to do your best and to succeed with pride in all that you do.

Key Facts

Accommodation: We have three houses for boys and three houses for girls. All houses are onsite and arranged according to the following age groups – 8 to 11, 12 to 14 and 15 to 17. Please note that we do not have en suite accommodation for students aged 8 to 11 however all bathrooms are within a 5 second walk from bedrooms.

Rooms: We offer rooms with two, three or four beds and some singles. All rooms have beds, a desk, a chair, a wardrobe and drawers.

Room requests: We strongly recommend that all students share a room with someone of the same age who cannot speak the same language. Any specific room requests will incur an extra charge of £125 per week.

Our Team

A lot of time and effort goes into selecting and recruiting the best people to work at BOSS. All staff go through a three day training camp that includes all aspects of working in a school environment as well as working with children. All of our teachers are very well qualified and experienced, as are our HouseTutors and of course our ManagementTeam. In 2019, 85% of our team were returning to BOSS for a 2nd, 3rd, 4th, 5th or even 6th time and with over 100 years of experience between us, we have experienced just about everything in a summer school setting and are therefore very capable of dealing with any eventuality and can guarantee that your kids are safe with us.

Environment

The BOSS campus is an eco-friendly campus where each student is encouraged to learn and to understand the importance of the environment in which they live. We have biomass boilers and solar panels around the campus which allow us to reduce our carbon footprint and means that much of Buckswood's energy comes from the summer sun!

Food

Our chefs cook at Buckswood all year round, serving our meals in our family style dining room.

Our chefs are always around and can cater for any dietary requirements. They are part of the 'Buckswood Family' so you can talk to them any time about food, arranging a dinner party or even just to practise your English!

Health and Safety

Our nurse is on call throughout the week in our very own onsite surgery to arrange any necessary health care for students who may not be feeling 100%.

To add an extra safety blanket, each member of BOSS staff is First Aid and Child Protection trained and the local hospital is just ten minutes away.

Ten Reasons to Study at BOSS

Over the years we have seen some incredible things at BOSS. Things that have warmed our hearts, things that have brought a tear to many an eye, things that have made us feel proud and things that have made us realise how lucky we are to be a part of this multi-cultural, international community. We have had students who have arrived and left a few weeks later a completely different person, having gone through a transformation from nervous to fearless, from rebellion to revolution, from shy to social and from unsure to sure. Perceptions are changed, personal discoveries are made. That feeling on the last day of, 'I have done it!' followed by tears when the sudden realisation hits that it is time to go home. We remind our students at this point not to cry because it is over, but to smile because it has happened. And while their summer school experience is happening, our students will have experienced 10 things that will culminate in this burst of emotion when the time to leave finally arrives.

1. They will have grown in confidence

BOSS naturally breeds confidence. We have seen very shy students arrive who two weeks later are standing alone on a stage dancing in front of 250 people!

2. They will have learnt the value of teamwork

Our house system encourages all students to work together with their housemates to be the best, learning that there is no 'I' in team, but there is in win!

3. They will have become more aware

Often we see students walk past other people without acknowledging they're there. We therefore encourage our students to be aware of everyone around them.

4. They will have improved their social skills

BOSS gives our students the social skills and confidence to approach someone that they would like to talk to and to hold their own in a conversation.

5. They will have spent most of their time in nature

BOSS is like a little island in a huge sea of green. We are completely surrounded by nature and benefits of being in nature are endless.

6. They will have become more independent

At BOSS, we encourage our students to be responsible for themselves in certain aspects of their lives such as waking up on time and tidying their bedrooms!

7. They will have become more open minded

We encourage our students to give everything and everyone a chance and over time, we see students let down their guard and lose their inhibitions.

8. They will have learnt the value of internationalism

In a world where the media tells us that we're all different because of lines on a map, we want our students to realise that we are all the same.

9. They will improve their English language skills

According to research, speaking a second language can mean that you have a better attention span and can multi-task better than monolinguals.

10. They will have benefitted from physical activity

Our timetable is packed with physical activity and research shows that physical activity can boost self-esteem, mood, sleep quality and energy.
